“Every Student Matters, Every Moment Counts”

### We Need You!

We have officially made it through one month of remote learning in this 2020-2021 school year. Every day gets better, and we will continue to monitor the status of our county and state as we are hopeful to engage with our scholars in person at some point this year. With that said, I am reminded of the importance of a strong parent and community partnership. Now, more than ever, We Need You! We welcome the opportunity to partner with you as we support our scholars with a fulfilling and rewarding middle school experience

### ¡Los necesitamos!

Hemos superado oficialmente un mes de aprendizaje remoto en este año escolar 2020-2021. Cada día mejora y continuaremos monitoreando el estado de nuestro condado y estado, ya que tenemos la esperanza de involucrarnos con nuestros estudiantes en persona en algún momento de este año. Dicho esto, recuerdo la importancia de una asociación sólida entre padres y la comunidad. Ahora, más que nunca, ¡te necesitamos!

Agradecemos la oportunidad de asociarnos con usted mientras apoyamos a nuestros estudiantes con una experiencia de escuela intermedia satisfactoria y gratificante.

### Remote Learning Expectations for Scholars

- Signed into classes in a timely manner. (Attendance taken each period)
- Has camera turned on and microphone muted unless directed otherwise by teacher.
- Suggested Uniform: dressed in uniform top with bottom of choice (Must be appropriately dressed for the duration of learning).
- Complete assignments and tasks as designated by teachers.
- Actively engaged in the learning process.
- Discipline policy still in active. Be accountable, respectful, and responsible.
- Communicate with teachers for additional support.

- Google Classroom

## Tips for Remote Learning Success

**A reliable electronic device such as a laptop or tablet and internet access.** You will need a reliable computer that operates at a good speed and is able to handle a variety of different programs. Make sure that you use the district-issued devices in a safe and responsible manner. You are responsible for any loss or damage and devices will not be replaced.

**A comfortable chair.** Unlike in a traditional school setting where students tend to move from one classroom to another, you may find yourself sitting in one spot for a while as you engage in online learning. You should have a comfortable chair that you can adjust to the right level to see your computer easily.

**A separate workspace.** It is helpful to have a separate area or quiet space with a desk and room for your supplies, textbooks, and other items. This will help you focus and get down to work more easily than if you were working on your couch or bed.

**A schedule.** Even with online learning, it is important that you are awake, dressed, have a healthy breakfast and ready to begin on time. Set a schedule for yourself to ensure that you are logged on daily by the start of your first class. Do not forget, teachers will take attendance for each period.

## Consejos para el éxito del Aprendizaje Remoto

### **Un dispositivo electrónico confiable, como una computadora portátil o tableta, y acceso a Internet.**

Necesitará una computadora confiable que funcione a buena velocidad y sea capaz de manejar una variedad de programas diferentes. Asegúrese de usar los dispositivos proporcionados por el distrito de manera segura y responsable. Usted es responsable de cualquier pérdida o daño y los dispositivos no serán reemplazados.

**Una silla cómoda.** A diferencia de un entorno escolar tradicional donde los estudiantes tienden a pasar de un aula a otra, es posible que se encuentre sentado en un lugar durante un tiempo mientras participa en el aprendizaje en línea. Debe tener una silla cómoda que pueda ajustar al nivel correcto para ver su computadora fácilmente.

**Un espacio de trabajo independiente.** Es útil tener un área separada o un espacio tranquilo con un escritorio y espacio para sus suministros, libros de texto y otros artículos. Esto te ayudará a concentrarte y ponerte a trabajar más fácilmente que si estuvieras trabajando en tu sofá o cama.

**Un horario.** Incluso con el aprendizaje en línea, es importante que esté despierto, vestido, tome un desayuno saludable y esté listo para comenzar a tiempo. Establezca un horario para usted mismo para asegurarse de estar conectado diariamente al comienzo de su primera clase. No olvide que los maestros tomarán la asistencia para cada período.
